FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education (DESE)** assume the proposal would result in no fiscal impact, other than allowing school districts to also acquire computer equipment or software with the money received from the state currently designated to help pay for textbooks.

<u>FISCAL IMPACT - State Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003
<u>FISCAL IMPACT - Local Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003
	\$0	\$0	\$0

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposal would allow school districts to expend either textbook fund moneys or incidental fund moneys to provide computer software or any computer equipment necessary to use such software for all the pupils.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
